# OUR STORY

## From Local Roots to Global Reach

VG Expert Tax Advisors LLP is a premier accounting and financial consultancy firm with a legacy of excellence spanning over a decade.

The journey began in 2015 when our founder, Mr. Gajanand Agarwal, established AG Associates. Through a commitment to precision and client success, the firm grew substantially over the last 10 years.

Today , We are a robust team of 40+ financial professionals operating out of three strategic branches in Hyderabad (Bowenpally, Madhapur, Abids). We currently manage over 300+ clients across diverse industries in India and are rapidly expanding our global footprint, successfully handling accounting and compliance for clients in the USA, UK and Dubai.

# OUR MISSION

To provide businesses with high quality, cost-effective, and scalable accounting solutions, allowing you to focus on core business growth while we handle the numbers.

# THE VG ADVANTAGE FOR USA CLIENTS

## WHY PARTNER WITH US?

As a US-based business, outsourcing your financial operations to VG Expert Tax Advisors offers you a strategic competitive edge:

### Global Expertise

With experience of serving clients in the USA, UK and Dubai, we understand international accounting standards and cross-border financial nuances.

### Cost Efficiency

Reduce your operational overhead significantly without compromising on quality or turnaround time.

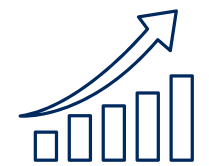

### Senior Leadership

Unlike standard outsourcing firms, our operations are led directly by partners with 10-12+ years of experience, ensuring high-level oversight on your accounts.

### Technology Driven

We utilize top-tier cloud accounting software (Quick Books, Xero, Zoho, etc.) to ensure real-time collaboration and transparency.

### Scalability

Whether you are a startup or an established corporation, our team size of 40+ members ensures we can scale our services to match your growth immediately.

# SERVICES WE PROVIDE

We offer end-to-end support tailored to US Accounting Standards (US GAAP) and tax requirements:

## Outsourced Bookkeeping & Accounting

- Day-to-day bookkeeping (AP/AR management).
- Bank and Credit Card Reconciliations.
- General Ledger maintenance.
- Monthly, Quarterly, and Annual closure of books.

## Business Setup & Consultancy

- Entity formation and structuring.
- Strategic financial consulting for business expansion.

## Audit Support & Assurance

- Preparing financial statements for audits.
- Internal control reviews and risk assessment.

Our team handles rigorous audit standards for 300+ clients, ensuring your books are audit-ready at all times.

## Taxation Support (US & International)

- Preparation of tax returns for individuals and corporations.
- Tax planning and compliance support.
- Assistance with SALES TAX and international tax treaties.

## Virtual CFO & Management Reporting

- Financial forecasting and budgeting.
- Cash flow management and analysis.
- Customized MIS Reports for better decision-making.
